

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
CENTRAL VALLEY REGION

ORDER R5-2020-xxxx

RESCINDING WASTE DISCHARGE REQUIREMENTS

The California Regional Water Quality Control Board, Central Valley Region (Central Valley Water Board), finds that the Board adopted the following Order which is no longer applicable for the reasons shown:

**HARRIS FARMS, INC. dba HARRIS RANCH, and THE CITY OF COALINGA,
FRESNO COUNTY**

Waste Discharge Requirements (WDRs) Order 85-159, adopted on 28 June 1985, prescribes requirements for the discharge of wastewater from a commercial development in the SE quadrant of the I-5/Dorris Avenue interchange (Facility). Harris Ranch (Discharger) owns the commercial development and its wastewater treatment facility (WWTF), while the operation of the WWTF was performed under contract by the City of Coalinga. The Facility has undergone a name change to Harris Ranch Inn and Restaurant. The Facility and WWTF are located in Coalinga at 24505 West Dorris Avenue (State Highway 198), in Fresno County. Central Valley Water Board staff determined that the WWTF shall continue to be regulated under individual waste discharge requirements, with updates to address the multiple changes which have been implemented since 1985. WDRs were issued to the Discharger on <date> February 2020, assigning water quality Order R5-2020-xxxx to the facility and discharge. Therefore, it is appropriate to rescind WDRs Order 85-159.

IT IS HEREBY ORDERED that the above Order is to be rescinded.

I, Patrick Pulupa, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Valley Region on <date> February 2020.

PATRICK PULUPA, Executive Officer
